Introduction

What is Oxford Word Skills?

Oxford Word Skills is a series of three books for students to learn, practise, and revise new vocabulary.

Basic:	elementary and pre-intermediate (CEF levels A1 and A2)
Intermediate:	intermediate and upper-intermediate (CEF levels B1 and B2)
Advanced:	advanced (CEF levels C1 and C2)

There are over 2,000 new words or phrases in each level, and all of the material can be used in the classroom or for self-study.

How are the books organized?

Each book contains 80 units of vocabulary presentation and practice. Units are between one and three pages long, depending on the topic. New vocabulary is presented in manageable quantities for learners, with practice exercises following immediately, usually on the same page. The units are grouped together thematically in modules of five to ten units. At the end of each module there are further practice exercises in the review units, so that learners can revise and test themselves on the vocabulary learned.

At the back of each book you will find:

- vocabulary building tables
- an answer key for all the exercises (other than personalized exercises)
- a list of all the vocabulary taught, with a phonetic pronunciation guide and a unit reference to where the item appears

There is a CD-ROM at each level with oral pronunciation models for all the vocabulary taught, and further practice exercises, including listening activities.

What vocabulary is included?

At advanced level, the vocabulary includes:

- a wide range of topics, e.g. behaviour, competitive sport, medical advances
- a range of concepts, e.g. problems and solutions, truth and lies, old and new
- different fields of academic English, e.g. literature, science, technical English
- an increased focus on different styles of English, e.g. informal English, newspaper journalism, formal letters
- a wide range of idiomatic expressions, with a particular focus on figurative uses of language
- various aspects of language, e.g. compounds, discourse markers, prepositional phrases

The series includes almost all of the words in the Oxford 3000™, which lists the 3,000 words teachers and students should prioritize in their teaching and learning. The list is based on frequency and usefulness to learners, and was developed by Oxford University Press using corpus evidence and information supplied by a panel of over 70 experts in the fields of teaching and language study. In addition, we have included a wide range of high frequency phrases, e.g. *at the last minute*, *for the time being*, as well as items which are extremely useful in a particular context, e.g. *in danger of extinction* when discussing wildlife conservation, or *remanded in custody* when discussing the law.

We have taken great care to ensure that learners will be able to understand the meaning of all the new words and phrases as used in the particular contexts by supplying a clear illustration or glossary definition. Learners should be aware that many English words have more than one meaning, and they should refer to an appropriate learner's dictionary for information on other meanings.

How can teachers use the material in the classroom?

New vocabulary at this level is presented primarily through different types of text, but also through tables, and where appropriate, through visuals. The meaning of new vocabulary is explained in an accompanying glossary unless it is illustrated in visuals or diagrams. Important items, or those that require additional information, are highlighted by means of 'spotlight' boxes.

Here is a procedure you could follow:

- Students study the presentation for 5–10 minutes (longer if necessary).
- You answer any queries the students may have about the items, and provide a pronunciation model of the items for your students where necessary.
- Students do the first exercise, which they can check for themselves using the answer key, or you can go over the answers with the whole class.
- When you are satisfied, you can ask students to go on to further exercises, while you monitor them as they work individually or in pairs, and assist where necessary.
- When they have completed the written exercises, students can often test themselves on the new vocabulary using the cover card enclosed with the book. The material has been designed so that students can usually cover the glossary definitions while they look at the target items, and test themselves; or cover the items and look at the definitions. This is a simple, quick, and easy way for learners to test themselves over and over again, so there is no pressure on you to keep searching for different exercises.
- After a period of time has elapsed, perhaps a couple of days or a week, you can use the review exercises for further consolidation and testing.
- You will often notice the headings 'About you' or 'About your country'. These indicate personalized exercises which give learners an opportunity to use the new vocabulary within the context of their own lives. Students can write answers to these, but they make ideal pair work activities for learners to practise their spoken English while using the new vocabulary. If you use these as speaking activities, students could then write their answers (or their partner's answers) as follow-up.

How can students use the material on their own?

The material has been designed so that it can be used effectively both in the classroom or by learners working alone. If working alone, learners should look at the Starter unit first. For self-study, we recommend that learners use the book alongside the CD-ROM, as it gives them a pronunciation model for every item of vocabulary, as well as further practice exercises. They can check their own answers and use the cover card to test themselves. One advantage of self-study learning is that students can select the topics that interest them, or the topics where they most need to expand their knowledge.

Starter: vocabulary at advanced level

Six steps to a wider vocabulary

Here are six ways to help you achieve a wider vocabulary, and become a more effective learner. Each one illustrates a feature of vocabulary learning which is given particular emphasis at the advanced level of *Oxford Word Skills*.

1 Adding new meanings to familiar words

An important part of vocabulary expansion is learning new meanings for familiar words.

What are the different meanings of *still* in these sentences?

(Go to Units 11, 28, and 64 to find or check the answers.)

Come over here and stand **still**. _____

These apples are very nice, but the others are better **still**. _____

My arm's very sore after the accident. **Still**, it feels better than it did yesterday. _____

2 Understanding the figurative meaning of vocabulary items

Many words have a literal meaning and a figurative meaning. For example, the literal meaning of *crawl* is to move forwards on your hands and knees, but we can also describe traffic as *crawling along the road*, which means that it is moving very slowly.

What is the figurative meaning of the words in bold in these sentences?

(Go to Units 39 and 42 to find or check the answers.)

The contents of the report have already been **leaked** to the press.

Thousands of refugees are now **flooding** across the border.

The Trade Secretary could find herself under the **microscope**.

3 Expanding your knowledge of collocation

These are common examples of collocation.

She's an **old friend**. (= a friend I have known a long time)

I **missed the bus**. (= I wasn't able to catch the bus)

It's **highly unlikely** he'll come. (= it's very unlikely he'll come)

In English, we choose to combine certain words in order to express particular meanings. Other languages might choose different words to express the same ideas; for example, many languages would say *I lost the bus* where we say *I missed the bus*. Common collocations appear in all three levels of *Oxford Word Skills*, but in the Advanced there is an even greater emphasis on this aspect of vocabulary learning.

Can you complete the collocations in these sentences?

(Go to Units 4, 9, 45, and 50 to find or check the answers.)

Last night we had **torrential** _____.

His mother is very elderly and needs **constant** _____.

If we work together on this, we'll be able to _____ our **resources**.

Do you think they'll be able to _____ the **deadlock**?

4 Using a wider range of idiomatic expressions

At an advanced level you should be able to use a wider range of idiomatic expressions.

Can you complete these idioms? (Go to Units 39, 59, and 61 to find or check the answers.)

It may seem a lot of money, but really it's just a drop in the _____.

They're bound to win; it's a foregone _____.

She might as well apply for the job; she's got nothing to _____.

First and _____ we must decide what to do.

5 Vocabulary building

At the end of a glossary entry for a particular word, we often include related word forms.

Here is an example from Unit 53.

Glossary

deteriorate	become worse. deterioration N.
interrogation	the process of asking sb a lot of questions, especially in an aggressive way. interrogate sb V.
catch sb out	make sb make a mistake which shows they have been lying.
humiliated	feeling ashamed because you have lost the respect of other people. humiliate sb V. humiliation N.
needless to say	obviously.

www.languagecentre.ir

آموزش زبان انگلیسی امید

We also provide vocabulary building tables at the back of the book. Building word families is an easy way to expand your vocabulary and increase your range of expression.

Can you complete these sentences with the correct form of the word in capital letters? (Go to Units 36 and 71, and the vocabulary building tables on pages 207–8, to find or check the answers.)

Most people find the treatment very _____. THERAPY

His behaviour was very _____. PROVOKE

They are sure to _____ the results carefully. SCRUTINY

Some people prefer to maintain their _____. ANONYMOUS

6 Vocabulary expansion beyond the book

At this level, we have introduced a new feature called **more words**. After you have completed a unit and the review section for that unit, **more words** gives you an opportunity to expand your vocabulary further within the same topic or linguistic area. Here is an example, from Unit 9.

7 On a long walk, why might you alternate between walking and running? _____

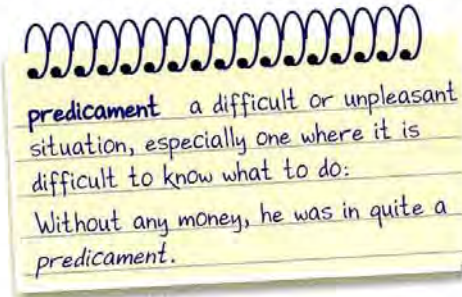

8 What should you do if you feel stiff? _____

A Z more words: *stumble, trudge, shuffle, meander, get a move on, stampede*

Unit 10

Suggested procedure with more words

- Look up the words and phrases listed in **more words** in a good monolingual dictionary. In the *Oxford Advanced Learner's Dictionary*, you will find that the meanings of the phrases are explained at the entry for the word in **bold**, although it may be different in some other dictionaries.
- Write the word or phrase in your notebook, then leave a small gap before adding the meaning of the item. Below the meaning, write an example sentence using the target word or phrase; take one from the dictionary, or write your own. For example:

The CD-ROM and cover card

A Walking and running

Word	Example
------	---------

-  You can use the **CD-ROM** to listen to the texts and dialogues, or to hear the words, and then practise the pronunciation. Or you can look at the **word list** (pages 236–56) to find out how to say the words.

 Remember to test yourself

Use the **cover card** to test yourself when you have completed the exercises.

insulting insult sb <small>V</small>	He called Mark an 'old woman': how insulting !	rude or offensive (deliberately/highly insulting).

spotlight **make fun of someone**

If you **make fun of** or **poke fun at** someone or something, you make jokes about them in an unkind way. To **mock** someone means to make fun of them, often by copying what they say or do.
*Stop **making fun of** her! He's always **mocking** her country accent.*

3 Circle the correct word(s). Sometimes both words are correct.

- The literal / literary meaning of curtain is 'a piece of cloth which covers a window'.
- The curtain fell on her career is figurative / dated, meaning 'her career ended'.
- I hate people making / poking fun of my pronunciation.
- She told him his acting was brilliant without a hint / trace of irony.
- He uses sarcasm / old-fashioned language as a way of insulting people.
- I got upset when my teacher mocked / insulted the way I pronounced 'castle'.
- He was being ironic / sarcastic – he didn't mean any harm.

8 I can talk about body language

A Reading the signs

BODY LANGUAGE can be very informative, but if you **jump to conclusions** when you interpret a particular **gesture**, you may **misinterpret** what it means. For example, people who look away to avoid **eye contact** may **not necessarily** be lying: they could just be very shy. To understand body language, therefore, we need to

observe a **combination** of behaviour that a person **displays**. With lying, for example, **look out** for any or all of these:

-  avoidance of eye contact
-  **going red**
-  **biting fingernails**¹
-  **sweating** a lot
-  **excessive** hand gestures.

Glossary

jump to conclusions	make a decision about sth too quickly, before you have thought about all the facts. SYN leap to conclusions .

C Judging character

HOW SOMEONE appears **on the surface** may not be a true picture of what they're really like. A person who seems **aloof** and **stand-offish** may just be shy and **diffident**. As they say: **don't judge a book by its cover**. Other personality **traits** can be **misleading**; a bad quality in one context may be a **virtue** in another, e.g. being **cunning**, or **impulsive**, or **naive**. Then there are qualities considered to be negative, but is it always wrong to be cruel or **cynical**? Remember the saying: sometimes you have to **be cruel to be kind**.

B Expressing your emotions

ARE YOU the kind of person who **bottles up their emotions**? Or do you **wear your heart on your sleeve**? As a journalist, I'm aware that if you **disclose** too much about yourself, you could make yourself rather **vulnerable**. And if I'm honest, as a man I feel a bit **uneasy** when people **pour out their innermost thoughts** to me. My own **instinct** is to be quite **guarded** and not **give away** too much about how I feel. On the other hand, psychologists say it's unhealthy to **suppress your feelings**. It can lead to severe anxiety and depression if you don't learn how to release your **pent-up** emotions. •

37 I can talk about the armed forces

A Organization

The US military comprises five branches in its field of operations: army, navy, air force, marine corps, and coast guard, all under civilian authority. More than 1.4 million people serve in the professional full-time military, with a further 1.2 million in the reserve army (the draft has not been enforced since 1986). The US military distinguishes between enlisted personnel, who make up 85 per cent of the armed forces and carry out fundamental operations such as combat and administration, and officers, who manage and supervise operations. The range of jobs is vast, and encompasses such diverse activities as running a hospital, commanding a tank, programming computers, operating a nuclear reactor, and maintaining weapons systems.

We were close to ~~► 5 the point where people couldn't deal with the situation~~. Food was in short supply, the situation was unpleasant and depressing, and many people had already left the city for good. Then at 7 a.m. yesterday the attack happened. A man who was just clearing stones, bricks, and glass from a damaged building was shot by a hidden gunman. Amid the ensuing chaos, a small group of rebel soldiers entered the nearby radio station and took control of it. The army immediately began to surround the building. They brought in large guns and started firing at it, then, as night approached, they attacked. The rebels were soon defeated by the superior numbers and firepower of the army.

B Reasons to buy and sell shares

Investors may be given **contradictory** advice about the right time to invest in **equities**. Here, for example, are the thoughts of two experts in the autumn of 2007.

I would be looking to buy. There is good global growth which will **underpin corporate** profit, and many companies are currently looking strong with few significant **debt burdens**. Current **yields** may be low, but the **underlying outlook** is healthy.

I would be more cautious. There is a huge credit **bubble** at the moment. As the debt expands, bank lending will **dry up**. There has also been a surge in the yen, which could **trigger** more selling and put markets **under pressure**.

Glossary

investor	a person who buys land, shares, etc. in order to make a profit. invest v.
contradictory	saying two different and opposing things. SYN conflicting . contradiction n. contradict sb/sth v.

- 6 Does he spend his money carefully? ~ No, he _____ most of it.

B Looking after your money

Creating a personal budget

FEW PEOPLE bother to **budget**, which is why so many are in debt. You must **calculate** the total amount of money coming in **per** month, and the total going out, both regular outgoings and all other expenses. Then, **subtract** the expenses **from** the income. If there's a **surplus**, don't spend it: that is your emergency **fund** to keep for **contingencies**.

If there is a **shortfall**, then you must take action. Consider where you can **economize** and **make cutbacks**. Be ruthless, and don't expect anyone else to **subsidize** you and **bail you out**.

Glossary

budget	plan how much to spend and what to spend it on (a budget is the amount of money available to spend, with a plan for spending it).
calculate sth	use numbers to find a total number, amount, or distance. SYN work sth out. calculation N.
per	for each (used to express the cost or amount of sth for each person, period of time, etc.).
subtract sth from sth	take one number from another to calculate the difference. SYN take sth away from sth.

spotlight *surplus*

A **surplus** is more of something than is necessary. If it is money, the opposite is a **deficit**; if it is food, petrol, etc., the opposite is a **shortage**.

fund	an amount of money available for a particular purpose.
contingency	sth that may or may not happen (contingency plans / a contingency fund).
shortfall	the difference between what you have and what you need.
economize	reduce the amount of money, time, goods, etc. that you use. SYN make cutbacks.
subsidize sb	give money to sb to help them pay for sth. subsidy N.
bail sb out	rescue sb from a difficult situation, often with money.

3 Circle the odd one out, then say what the other two words have in common.

- 1 a) shortfall b) surplus c) deficit _____
- 2 a) shortage b) contingency c) shortfall _____
- 3 a) economize b) take away c) subtract _____
- 4 a) economize b) make cutbacks c) make contingency plans _____
- 5 a) deficit b) fund c) budget _____
- 6 a) work out b) calculate c) economize _____

4 Complete the texts with suitable words.

The floods in the spring are now causing severe food (1) _____ throughout the country, and this will leave many farmers with a significant (2) _____ in their income. A few lucky ones may have a (3) _____ fund to help them, but the majority will no doubt be hoping for a government (4) _____ to (5) _____ them out.

I'm not very careful with money and don't often (6) _____, but I decided to keep a record of my regular outgoings each month. At first I found it quite difficult to (7) _____ all my other expenses, but I managed it after a while. I realized I had a bit of a (8) _____ whenever I had to pay large bills, and would need to make (9) _____. The most obvious place to start was the car, as it was costing me £100 (10) _____ month.

rigorous	strict and severe.

spotlight **no matter what, whatever**

No matter what (**when**, etc.) means 'it doesn't matter what (when, etc.)' or 'it isn't important what (when, etc.)'. You can sometimes paraphrase it with **whatever** (**whenever**, etc.).

No matter what happens, don't panic.

= **Whatever** happens, don't panic.

You'll find work **no matter where** you are.

= **wherever** you are

B Email stress

Email stress: the new office workers' plague

Over a third of workers say they are **inundated** with a **never-ending stream** of emails and are **stressed out** by the pressure to respond to them **promptly**. Research has found that some employees check their emails every few minutes, leaving them frustrated and **unproductive**. Females feel particularly **hard-hit** by the **deluge**. 'Email is an amazing tool, but it's **got out of hand**,' says researcher Karen Renaud. She adds that when you **break off from** what you are doing to read your emails, you lose your **train of thought**. The advice is to **set aside** two or three specific email-reading times each day.

Glossary

inundated (with sth)	given so many things that you cannot deal with them. SYNS overwhelmed, swamped.
never-ending	seeming to last for ever. SYN interminable.
stressed out	INF too anxious and tired to be able to relax.
promptly	quickly; without delay. prompt ADJ .

ABOUT YOU

7 ABOUT YOU Write your answers to Exercise 6, or ask another student.

50 I can discuss workplace disputes

A An industrial dispute

Talks between Royal Mail bosses and the CWU union have again ended in **deadlock**, so the union has decided, following the support of its members in the national **ballot**, to **set a date** for strikes as early as next week. They claim it is not just a pay **dispute**, but an attempt to **halt** the **closure** of 2,500 post offices and the

further **privatization** of services. For the government, though, there is a great deal **at stake**. If the management gives in to the demands, it could **set a precedent** for other groups, who may feel more **inclined to step up** their own claims for higher wage settlements.

Glossary

deadlock	a failure to reach an agreement or settle an argument (be unable to break the deadlock).
ballot	a system of voting in which votes are made in secret (ballot (v) a group of people = ask members of a group to vote on sth).
dispute	a disagreement, often official, between people or groups (a pay/ industrial dispute , settle a dispute).
halt sth	prevent sth from continuing.
closure	a situation in which a school, factory, etc. is permanently shut.
privatization	the process of selling an industry so it is no longer owned by the government. OPP nationalization . privatize sth v.
at stake	If sth is at stake , you will lose it if a plan or action is not successful (<i>there's a lot at stake / the stakes are high</i>).
precedent	a thing that happened in the past which is seen as a rule or example to be followed by others in a similar situation.
inclined to do sth	likely to do sth or tending to do sth. inclination n.
step sth up	increase the amount of an activity in order to achieve sth.

spotlight **set + noun**

Set is used with many nouns, often meaning to fix something for others to copy, e.g. **set an example**, **set a standard**, **set a record**, **set a precedent**. It can also mean to decide on something, as in **set a date/limit**.

1 Complete the sentences with a suitable verb.

- 1 He _____ the standard for others to follow.
- 2 We must act now in order to _____ the dispute.
- 3 The union must _____ their members before they can go ahead with strike action.
- 4 They haven't _____ a date for the next meeting yet.
- 5 We must find a way to _____ the deadlock.
- 6 The government has failed to _____ the economic decline, so things look bad.

- 2 Why are they going on strike? ~ It's a _____ over pay I believe.
- 3 Has this happened before? ~ No, it would set a _____.
- 4 Have they reached an agreement? ~ No, the talks ended in _____.
- 5 Will the government sell the railways? ~ Yes, there are plans to _____ them.
- 6 What will happen if you leave? ~ I think others may be _____ to follow.

B Staff disputes

What would you do in a dispute between members of your own staff? Would you ...

- intervene** at once to **resolve** the problem?
This would be **proactive**, and a positive way to **tackle the problem**, but is there a risk of **blowing it up out of all proportion**?
- see if the staff can **sort it out** themselves?
This could be interpreted as **passing the buck**. But the staff may not want you to **interfere**, so it could be a **wise** thing to do.
- wait to see if the problem **sorts itself out**?
Is this sensible or would you just be **procrastinating**?
- bury your head in the sand**, as if you're saying, 'What problem?'

Glossary

intervene in sth	get involved in a situation in order to help. intervention N.
resolve sth	FML find an acceptable solution to a problem. resolution N.
proactive	(of a person or policy) creating or controlling a situation by making things happen, rather than waiting for things to happen.
tackle a problem	do sth to solve a problem.
blow sth (up) out of (all) proportion	make sth more serious than it is.
sort sth out	deal with a problem successfully (if sth sorts itself out , the problem is resolved without the need for action from anyone).
pass the buck	make sb else deal with sth that you should deal with.
interfere (in sth)	get involved in a situation in a way that annoys others. interference N.
wise (of actions)	sensible; showing good judgement. wisdom N. SYN prudent . prudence N.

I've just been looking at my bank (1) _____, and I feel really stupid. I don't know how it's happened, but I'm in the (2) _____ by a very large amount. In fact, I'm (3) _____ by nearly \$500, and even worse, I've already spent the \$200 contingency (4) _____ you gave me last term. I know you think I've been (5) _____ money instead of spending it wisely as you've always insisted, but my (6) _____ have been enormous this term: books, a laptop, DVDs (for my studies, of course)... I know I've never been good at keeping to a (7) _____, but if you will just (8) _____ me out this one last time, I promise I will (9) _____ cutbacks and keep (10) _____ of my spending from now on. Honestly, I will. Really. Honestly and truly. I'll ring you tonight to talk it over,
Lots of love,
Angelica

Memo to Alex Parker	From Joey Cassani
<p>I'm afraid I've had a problem with Adam Lewis at SBP. I organized a meeting with him, but he cancelled it ✓ at the last minute. He did the same this week, so I decided to raise the issue with him. I tried to explain politely that we couldn't carry on like this, but he interrupted continually and I wasn't able to communicate my message clearly. He even tried to claim that I'd been late for meetings myself (which was completely untrue), and he criticized me for other things too. Anyway, I didn't want to prolong the discussion, as I knew I might retaliate; so in the end I left it.</p>

B Practice makes perfect

Many sayings give advice, or say something that is generally true.

Example	Meaning
<i>He tends to get what he wants because money talks¹.</i>	If you have a lot of money, you will have more power and influence than other people.
<i>He treats her very badly but she doesn't realize; love is blind² in her case.</i>	When you love somebody, you cannot see their faults.
<i>Don't worry – lightning never strikes twice (in the same place)³.</i>	An unusual or unpleasant event won't happen in the same place or to the same person twice.
<i>Don't say anything at the moment; let sleeping dogs lie⁴.</i>	Avoid mentioning a particularly difficult subject which may cause trouble.
<i>She spends hours at the piano, but practice makes perfect.</i>	If you do sth repeatedly, you will become very good at it.
<i>I haven't heard from my son for weeks, but usually no news is good news.</i>	If you haven't had any news, then it's probable that nothing has gone wrong and things are fine.
<i>It seems cruel to do it, but in this case the end justifies the means.</i>	Bad or unfair methods of doing sth are acceptable if the results of the action are good or positive.
<i>You mustn't do that: two wrongs don't make a right.</i>	If sb does sth bad to you, that is not a reason to do sth bad to them.
<i>Let's do this together: two heads are better than one.</i>	Two people can achieve more than one person working alone.
<i>He thinks blood is thicker than water.</i>	Family relationships are stronger than any other.
<i>He can say what he likes, but actions speak louder than words.</i>	What a person actually does is more important than what they say they will do.
<i>He believes in an eye for an eye (and a tooth for a tooth).</i>	Used to say that you should punish somebody by doing to them what they have done to you.
<i>Don't forget that charity begins at home.</i>	You should help and care for your own family first before you start helping others.
<i>She may be very attractive, but beauty is only skin-deep.</i>	How someone looks is less important than their character.
<i>They finally turned up at 8.30, but better late than never.</i>	It is better to arrive late or achieve sth late, than not arrive or achieve anything at all.
<i>The mountain road is dangerous so go slowly – better safe than sorry.</i>	It is better to be careful than to take a risk or act too quickly and later regret it.
<i>Live and let live – that's my motto.</i>	Accept other people's opinions and ways of life, even if they are different from your own. A motto is a phrase which expresses the beliefs of a person or organization.
<i>Enjoy yourself: you're only young once.</i>	Young people should enjoy themselves because in later life they will have more to worry about.
<i>In my view prevention is better than cure.</i>	It is better to stop something bad from happening than try to deal with it after it has happened.

Far from the Madding Crowd by Thomas Hardy

SYNOPSIS: After inheriting her **prosperous** uncle's farm, Hardy's **protagonist**, Bathsheba Everdene, becomes an independent woman. But her beauty attracts many admirers: farm worker Gabriel Oak, landowner William Boldwood, and handsome soldier Frank Troy, whom she later marries. However, Troy is a selfish man who allows his earlier love, Fanny Robin, to die in poverty while giving birth to his child. Boldwood is madly jealous of Troy, and later in the novel this is the reason for his **downfall** when, in a jealous rage, he kills Troy. Gabriel asks for **mercy** to be shown him, and, on the grounds of **insanity**, Boldwood escapes death but is sent to prison. The novel ends with Bathsheba marrying Gabriel.

COMMENTARY: Incidents such as Fanny's pregnancy and **pitiful** death, and Boldwood's act of murderous violence, **convey** Hardy's growing taste for tragedy. But **unlike** Tess in the later *Tess*

of the D'Urbervilles, **fate** still favours Bathsheba. She finally finds contentment with Gabriel, who **embodies** the best qualities of the rural community in the fight against the growth of industrialism, which Hardy finds so **alien**.

Another theme in the novel is the danger and destruction **inherent in** romantic love and marriage. Hardy **exposes** the irrationality and **betrayals** of romantic relationships, and implies that the true basis of a happy marriage is **companionship** and a common interest. For some it is also an early example of feminist literature. Bathsheba is **portrayed** as an independent woman with the courage to **defy** convention and run a farm herself. Her passionate nature leads her into errors of judgement, but Hardy **endows** her with the **resilience**, intelligence, and good luck to overcome the mistakes of youth.

A Research

Scientific method

SCIENTIFIC RESEARCH proposes **hypotheses** as explanations of **phenomena**, and then designs experimental studies to gather **empirical** evidence and test them out. These **procedures** must be repeatable in order to predict future results with some certainty. A **facet** shared by other fields of

enquiry is the **conviction** that the process must also be **objective** in order to reduce a **biased** interpretation of the results. Another basic expectation is to document, **archive**, and share all data so that it is available for **scrutiny** by other scientists. There is then the opportunity to **verify** the results by **replicating** them.

B Genetics

GENE THERAPY: *Genes* are the basic physical and functional **units** of **heredity**, and *gene therapy* is a technique for correcting **defective** genes responsible for diseases. It works by **inserting** a normal gene into the *genome* (the complete set of genes in a living cell) to replace an **abnormal** gene. A carrier **molecule** called a *vector* must be used to deliver the therapeutic gene to the patient's target **cells**. But there are many limitations:

- the rapidly dividing nature of many cells means that gene therapy may be **short-lived**;
- the normal gene may be attacked and **repelled** by the patient's **immune system**;
- gene therapy works best on disorders arising from the **mutation** of a single gene.

Skyscrapers:

design and construction

Every skyscraper is designed within physical **constraints** such as climate and geology, and then has to **comply with** the most **stringent** safety regulations. It also has to **meet the needs of** its **occupants**, and satisfy the aesthetic objectives of both owner and architect.

Design engineers translate the architect's vision into a detailed plan that is structurally sound. As each skyscraper is unique, models of the building must undergo **rigorous** tests in wind tunnels to **determine** whether they can **withstand** the effects of high winds. If tests show the building will **sway** excessively, designers may add mechanical devices to **counteract** or restrict **motion**.

In the construction, engineers dig a massive hole in the rock and then establish the **footings**¹, which form the base that **anchors** the building. Steel or **reinforced concrete** columns are inserted in the footings, and concrete is poured on top.

Vertical supports are put in place by **cranes**²; these support the vertical **load**. Horizontal **beams** and steel **girders** are then placed at a 90 degree **angle** to the vertical columns; these hold the building together. Exterior walls merely enclose the structure, and are constructed by attaching **panels**³ of material such as glass or metal to the building's framework. This is often done by **bolting** them to **brackets** secured to the floors or support columns. ■

Oxford Word Skills

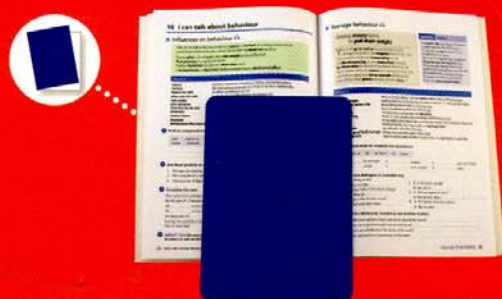

Learn and practise English vocabulary

Advanced for advanced learners

- Learn the words you need to know at each level (Basic, Intermediate, and Advanced)
- See how the words and phrases are used in spoken and written English
- Practise using the vocabulary
- Revise what you've learned
- Improve your vocabulary-learning skills
- Learn the words as preparation for the major exams

Use the CD-ROM to listen to the words, learn how to say them, and practise using them.

It's easy to test yourself. Just use the card inside to 'cover and check'.

Ruth Gairns and Stuart Redman are language teaching experts who specialize in writing materials for learning and teaching vocabulary.
